## **GIL Publications Asks Fathers “Where Are Your Children?”**

*GIL Publications is announcing the release of its third fatherhood book, **On the Outside Looking In: Hope for Separated-Fathers Who Want to Be Good Fathers.***

May 20, 2008 – NEW YORK CITY – GIL Publications is announcing the release of its third fatherhood book, *On the Outside Looking In: Hope for Separated Fathers Who Want To Be Good Fathers*, a no non-sense approach to help separated-fathers be successful parents.

*On the Outside Looking In* was written by Akili Kumasi to present a Christian perspective that challenges and encourages men who are separated from their children.

*On the Outside Looking In* addresses the issues of father-absence. Today over one-quarter of America’s children are separated from their fathers. About half of all marriages end in divorce and over one-third of all babies are born to unwed parents. Social science statistics show that children who grow-up fatherless are more likely to have behavior, social and academic problems. However, much of this can be remedied by separated-fathers having a meaningful and nurturing relationship with their children.

Divorce among Christians is just as prevalent as among non-Christians. Therefore, such a book as *On the Outside Looking In* is a necessity to help maintain and strengthen fathers and families.

The author, Akili Kumasi, is the founder of the Reconciled Fathers Ministry, an organization dedicated to helping separated-fathers reconcile with their children.

*On the Outside Looking In* is available from [www.GILpublications.com](http://www.GILpublications.com) or [www.rFathers.org](http://www.rFathers.org).

For more information contact Akili Kumasi at [info@rFathers.org](mailto:info@rFathers.org) or call (718) 386-6434.
